39	Noise ordinance needs to be enforced in neighborhoods in the county.	5/20/2020 7:30 AM
40	Lack of farmers markets or other institutional fixtures or businesses that make for and encourage a healthy communities.	5/20/2020 7:27 AM
41	Lack of broadband internet access, only access to anything is satellite services which are horrible.	5/19/2020 7:29 PM
42	Too much growth, too fast -- especially with housing! Too many apartment complexes and too many new subdivisions. All about tax base with very little consideration given to the long-term impact on what has made Alamance County such a nice place to live. Growth and change is inevitable, but it is imperative that it be somewhat controlled. Otherwise, Alamance County will be just like other larger cities -- too dense, too congested, and higher crime and decreased property value. This is a marathon -- not a sprint!! Bigger is NOT always BETTER!	5/15/2020 8:04 AM
43	Underdeveloped downtown	5/14/2020 7:20 PM
44	Too much development	5/6/2020 9:01 PM
45	How the west side of Alamance is fixed up with trees plants, nicer stores, and restaurants and East side of Burlington is an eye sore. Needs to be equal.	5/5/2020 10:28 PM
46	Lack of tasteful and quality stores and restaurants in the town of graham. Something or some people seems to hold graham back from acquiring nice grocery stores and restaurants like Chick-fil-A as an example.	5/5/2020 8:52 PM
47	Lack of industry	5/5/2020 12:56 PM
48	Way too many apartment complexes!	5/5/2020 9:30 AM

58	Lack of oversight on the sheriff's office. No fact finding on information being told by the sheriff himself.	5/3/2020 9:25 AM
59	Transplants, people who buy a small piece of property and decide their ways of living from the crumb they moved from is much better, but yet attempt to force their way of living on families who have lived here for generations, BUILD THAT QUARRY IN SNOW CAMP!!!!!!!!!!!!	5/3/2020 8:00 AM
60	Lack of respect/compensation for EMS. What are y'all doing over there?!	5/3/2020 6:08 AM

61	high number of chain restaurants and box stores along with ugliness of roads like Huffman Mill (tons of concrete; no trees; too busy for pedestrians, etc.)	5/3/2020 5:32 AM
62	Poorly considered suburban development. Density should be a primary goal to conserve farmland, greenspace, and forested areas, and maintain walkable downtown's and neighborhoods.	5/2/2020 4:40 PM
63	I love our schools but we must do better in school facilities.	5/2/2020 1:41 PM
64	Too many franchise restaurant... not enough locally owned businesses	5/2/2020 9:21 AM
65	Slumlords and the condition of properties, they clearly have no interest in maintaining and keeping their properties up	5/2/2020 8:35 AM
66	Not being able to swim in any lakes.	5/2/2020 8:28 AM
67	Lack of housing options specifically apartments in middle income. The apartments are either HUD/low rent or 900-1000+ luxury amenities. I am single and on my 15 dollars and hour I can't afford to live in a 900+ rent per month place but I also don't qualify for HUD and I want to live somewhere safe.	5/2/2020 7:59 AM
68	Too many apartment complexes and strip malls	5/2/2020 1:50 AM

72	We need to elect a better governor	5/1/2020 5:35 AM
73	Lack of money invested in our schools. They are very run down buildings with much needed renovations. Kids in a lot of our high schools don't even have a place to eat on a daily basis. Teachers in Elementary Schools are doing an amazing job but the same standards are not in place in our Middle and High Schools. Such a switch the older my children get.	5/1/2020 12:38 AM
74	Burlington's crime rate	4/30/2020 11:15 PM
75	Lack of Internet Infrastructure in the Rural Areas to Support local businesses	4/30/2020 11:05 PM
76	I'm greatly concerned about development pressure coming from surrounding counties.	4/30/2020 10:47 PM
77	-No zoning. Need Zoning. -Perceived need for growth and development.. -No control on traffic speed on rural roads.	4/30/2020 10:09 PM
78	Traffic speed on rural roads, much too fast.	4/30/2020 10:06 PM
79	This constant need for growth and development.	4/30/2020 10:05 PM
80	Clear-cutting for developments. The rape of the countryside is rampant and utterly despicable.	4/30/2020 9:40 PM
81	that we have not gotten a pay increase	4/30/2020 1:24 PM
82	Don't need anymore housing developments	4/30/2020 11:37 AM
83	Too much reliance on retail. Not enough green trails for hiking in Burlington	4/30/2020 6:33 AM
84	Lack of a vibrant thriving downtown Burlington	4/29/2020 9:45 PM
85	Growth and housing development that is out of hand	4/29/2020 7:44 PM
86	Our schools are a joke. We have been talking about a high school since my children were in elementary school 15 years ago. It...is....ridiculous.	4/29/2020 4:31 PM
87	There has been a high housing growth, i.e., new houses and apartment complexes, that we have seen a huge increase in crime and traffic. I do feel safe on my street because I know my neighbors and I've been here 23 years but I am considering moving because of the increase in traffic.	4/29/2020 4:03 PM
88	Too much population density. Developers cramming homes too close together.	4/29/2020 3:09 PM
89	I wish to clarify the G & D option. I feel Burlington/Elon builds homes of higher quality and are	4/29/2020 1:43 PM

thoughtful on the impact on development on existing neighborhoods whereas Graham appears to build without much consideration of home quality or impact to existing neighborhoods and wildlife. It appears its all about increasing tax base and little consideration is given to the impact on current residents. Graham appears to put more value on new residents than existing ones.

90	Abundance of new apartments for growth and housing development (instead of home ownership opportunities)	4/29/2020 12:27 PM
91	Gentrification	4/29/2020 12:10 AM
92	building projects that negatively impact pre-existing neighborhoods (i.e. traffic impact)	4/28/2020 7:19 PM
93	Haphazard growth & development; push for distribution centers & not higher skilled jobs; too much focus on mega-sites for particular industry (automotive) & not on industries requiring broader skill sets	4/28/2020 4:48 PM
94	How low the taxes are. I think we a lacking in services to help our community.	4/28/2020 4:30 PM
95	The way ABSS Central Office personnel & some principals can get away with so much.	4/28/2020 2:34 PM
96	Lack of stores, eatery, and development in East Burlington.	4/28/2020 1:59 PM
97	Country government still attempts to bleed services under the misapprehension that textile mills are keeping everyone happy and can absorb all the people who are ill-prepared for the 21st Century.	4/28/2020 1:08 PM
98	I wish we could make it easier on the poor in our county.	4/28/2020 12:25 PM
99	I like Alamance Co! That's why I live here	4/28/2020 11:10 AM
100	-excessive housing development/apartment buildings -lack of appreciation and respect for farmland/farmers	4/28/2020 11:06 AM
101	taxes need to support education more	4/28/2020 9:42 AM
102	Not enough entertainment venues. We normally have to drive to Greensboro or Raleigh for entertainment...especially for kids.	4/28/2020 9:25 AM
103	dilapidated/neglected areas of county, both commercial and residential	4/28/2020 8:52 AM
104	There is not anything I don't like.	4/28/2020 8:12 AM
105	overdevelopment of a region without school space to match	4/27/2020 8:52 PM
106	Higher taxes would provide for increased education.	4/27/2020 8:05 PM
107	Lack of rural high-speed internet.	4/27/2020 7:33 PM
108	Poor school facilities, overcrowded schools, schools need to be repaired, new schools needed because they are overcrowded	4/27/2020 7:16 PM
109	The amount of apartments/condos going up that do not provide tax base to support the number of new students causing overcrowding in schools.	4/27/2020 6:35 PM
110	Lack of city and county restrictions. Too many stripmalls and trailer parks.	4/27/2020 6:13 PM
111	inequity within schools	4/27/2020 5:17 PM

117	In some areas there are no pedestrian crossings.	4/27/2020 3:32 PM
118	too many new unattractive neighborhoods and apartment complexes;influx of new people has caused more crime; less safety	4/27/2020 3:20 PM
119	To be clear, I do not like how much Alamance County is growing. If I wanted to live in a big city.	4/27/2020 3:12 PM

	I would move to NY! Enough with the developments, hotels, and shopping centers! Keep our small town SMALL.	
120	BIKES ON SIDEWALKS!!!!	4/27/2020 3:09 PM
121	The way that many residents are resistant to raising taxes/spending money to invest in the future of our county	4/27/2020 3:06 PM
122	I don't feel our County Commissioners put forth an investment in education.	4/27/2020 3:03 PM
123	No complaints	4/27/2020 3:03 PM
124	too much growth, too quickly...apartment complexes, subdivisions	4/27/2020 2:58 PM
125	Lack of accountable and strategic leadership within the sheriff's department	4/27/2020 2:58 PM
126	lack of the needed funding to the public school system	4/27/2020 2:57 PM
127	Available resources for those that live in town, but no access to those living in rural areas.	4/27/2020 2:51 PM
128	lack of a comprehensive plan for development and land use	4/27/2020 10:46 AM
129	COMMISSIONERS	4/22/2020 7:42 AM
130	Funding for schools/education	4/21/2020 3:49 PM
131	Lack of gun laws - target shooting is allowed even in densely populated areas!	4/21/2020 12:00 PM
132	Way to fast of a housing boom. The schools and our infrastructure needs industry to support all these people you let move in. Please make lots bigger or encourage less large developments. Make the large developers at least pay for the infrastructure we need to support the areas they build in. This is getting crazy	4/21/2020 12:23 AM
133	allowing destructive operations in rural/vulnerable areas, ie: stone mine	4/20/2020 6:45 PM
134	The fact that so many of our green spaces (privately owned land) has been turned into shopping complexes, apartment complexes, and housing developments. I can't leave my job (I work in Alamance County) for lunch and get back in time to not go over the hour I'm given. And good Lord in Heaven whatever that nonsense is that's been done in Mebane to the roads. Who thought that up? And who on earth thought it was a good idea?	4/20/2020 5:02 PM
135	Too many houses and large developments	4/19/2020 1:39 PM
136	Don't dislike anything about our county	4/19/2020 8:05 AM
137	the fact that in #6, your options are so limited, reflective of limited imagination about how the county might evolve. I work for a national nonprofit from my home and have teleworked since 2000.	4/18/2020 2:25 PM
138	Becoming saturated with apartment complexes and dense housing developments! Too much growth and development happening way too fast!!!! Officials seem more concerned/interested in increased tax base than in the long-term, negative effects that overly rapid growth often has on communities.	4/18/2020 12:38 AM
139	lack of street lights in neighborhoods	4/17/2020 10:44 PM
140	I don't like the fact our country side is being trashed with small billboards. I wish we had more jobs to replace the textile industry that once built this county. I wish companies like Boeing,BMW, KiA Harley Davidson etc was attracted to Alamance County	4/17/2020 7:53 PM
141	Growing too fast with HUGE impact of infrastructure. Builders should Pay impact fee	4/17/2020 6:08 PM
142	Good ole boy county commissioners who want approve needed spending for public safety entities, county employees and infrastructure.	4/16/2020 7:34 PM
143	To many sub-division being created in the county/ country areas	4/16/2020 3:17 PM
144	N/a	4/15/2020 10:58 PM
145	Too much growth in housing too quickly in rural areas and the constant building for businesses everywhere when we have many empty buildings around town	4/15/2020 11:41 AM
146	I'd prefer to keep our farms working and stop seeing these fly by night Windsor home	4/15/2020 8:11 AM

	neighborhoods popping up. I grew up here and sadly our small town community is falling apart because the lack of leadership that is trying to turn our county into a metropolitan area.	
147	Lack of Graham city funds to fix drainage pipe problem that runs through our yard.	4/15/2020 1:28 AM
148	We need good hiking and biking trails in town.	4/14/2020 11:26 AM
149	Affordable houses, with large yards, in safe areas difficult for young families to afford in east side of county. Cost of living and taxes gave increased noticeably in the last several years.	4/10/2020 7:44 AM
150	Strip malls	4/9/2020 10:02 PM
151	Lack of any kind of land development strategy	4/4/2020 3:59 PM
152	So many housing developments and apartments. It starting to take over the peacefulness of the area and all the greenery. It's starting to look like Cary. :(	4/4/2020 1:22 PM
153	Poor leadership of county in getting taxes passed to pay for the school bonds.	4/4/2020 12:19 PM
154	1)The noise, traffic, and people walking/parking in the road for Saturdays in Saxapahaw. 2)The sheriff and his plans for the county to make money off concentration camps for undocumented people.	3/26/2020 4:45 PM
155	Much of what I want to check, but only have three options, concerns my being a person of color.	3/24/2020 6:53 PM
156	Lack of a modern developed interior with connectivity of existing Burlington neighborhoods that is creating vast amounts of deteriorating infrastructure that in turn generates huge amounts of suburban sprawl In existing municipalities throughout the county	3/24/2020 6:32 PM
157	A combo of sidewalks and parks and recreation. On busy streets, such as Lacy Holt Road in Graham, I see 10+ people walking, running, and cycling a day. I wish there could be an opportunity for these people to use a trail or greenway in these areas, but a comprehensive sidewalk network would be highly beneficial as well.	3/19/2020 6:27 PM
158	County leaders are often unwilling to be proactive in solving many of the challenges faced by Alamance County citizens. For example, our public schools receive far less funding than many other counties with greater economic potential and growth.	3/19/2020 2:49 AM
159	Certain appallingly racist good old boys on our county commission, and our sheriff. They're an embarrassment that takes delight in ignorance and joy in harm. Their behavior is intentional and targeted at riling up the basest of human impulses of "us (white people) vs. everyone else." This isn't fucking Mississippi, this is North Carolina. BE BETTER. Ugh.	3/18/2020 12:57 PM
160	I am dismayed that we continue to encourage large development of the warehouse/distribution kind which brings in all these 18 wheelers rather than service, professional and restaurant types.	3/18/2020 7:19 AM
161	How caught in the past people tend to be.	3/16/2020 6:01 PM
162	Current reliance on property taxes to fund the bulk of county initiatives; lack of diversity on the County Commissioners; lack of industrial and residential development oversight, especially in light of the Snow Camp mine development issues;	3/10/2020 1:03 PM

	community, and many of our public resources suffer	
64	Gentrification	4/29/2020 12:10 AM
65	By allowing too many apartments, there is a competition to get people in. The way they are doing this is by lowering the rent, which does not attract people who are productive members of the community. The leaders in our community are allowing these apartments to be built without providing ideas of solutions to how this impacts schools. They are using it as a way to campaign by bringing growth to the community. This is not the type of growth that our community needs.	4/28/2020 4:14 PM
66	Many apartment buildings require a need for those families to attend schools which leads to overcrowding. Overcrowded classrooms lead to teachers being less effective in their instruction. This leads to impacting students long term therefore impacting our community in the future.	4/28/2020 4:14 PM
67	Using potential farmland, natural resources to build more buildings instead of restoring or reusing what already exist.	4/28/2020 2:34 PM
68	Unbalance in where the money is spent as far as different parts of Alamance county.	4/28/2020 1:59 PM
69	The biggest concern is that there will be a lack of concern. I did a search of the library during the decline of the textile industry. The local paper did not run a single article about how to prepare for that change. Not one. No editorials. No business articles. No elected official musing on the change in the wind. Nothing. That's more frightening than anything on your list. All of those points need a holistic plan to address them all. It's the intersectionality of these issues. But you can't use that word as so few of our leaders understand what it means.	4/28/2020 1:08 PM
70	Just want to state that 30% growth basically over 10 years, doesn't seem like a negative at all. You need growth to increase tax revenue without increasing taxes.	4/28/2020 11:32 AM
71	Developers are given too much freedom and acceptance by planning committees to move into areas without consideration of the impact to our environment, infrastructure, schools, and local community members. I applaud the Village of Alamance community and local government for standing up to developers and protecting the Village and ETJ. 89	School quality (to which overcrowding is a contributor but not the only one) -- I am not a parent, so this is not about MY kids. It's about all our kids and whether this county is preparing them to thrive (with values) in a competitive world.	4/18/2020 2:25 PM
90	I am concerned with ALL of these areas. With the influx of people moving to Alamance County (apartment complexes and housing developments going up EVERYWHERE!), we are experiencing a domino effect in overcrowded schools, heavy traffic , impact on resources such as police, fire, etc.	4/18/2020 12:38 AM
91	Lack of redevelopment	4/17/2020 10:44 PM
92	Crime issues, vandalism, petty theft (stealing things out of sheds) and folks trying to break in houses & cars.	4/17/2020 3:11 PM
93	Hiring of additional public safety, health care and infrastructure workers to provide services to the influx of persons moving into alamance county.	4/16/2020 7:34 PM
94	Alamance County appears to exercise little to no discretion regarding the quality of development it allows. How many apartments do we need?	4/16/2020 5:34 PM
95	lack of sidewalks and public transit	4/15/2020 11:03 AM
96	Too many housing developments/subdivisions.	4/15/2020 1:31 AM

100	Social stratification	4/9/2020 4:08 PM
101	Housing developments and just too many industrial plants and DC are coming into the area. I would hate to see it become like another 'Allentown, PA'..looks like a ghost town.	4/4/2020 1:22 PM
102	Internet access is limited and slow when you can get it in rural areas	4/2/2020 4:18 PM
103	Traffic and CO2 emissions	3/27/2020 8:49 AM
104	There simply is not enough quality affordable housing available to low income populations. As far as loss of history, Alamance County has a complex history that has not been kind to people of color. We need to learn from that history and no longer repeat it. Black farming certainly is not emphasized or outstanding. How can we improve that aspect of Alamance County quality of life?	3/24/2020 6:53 PM
105	Suburban neighborhoods are vast and getting worse. Outer lying suburbs will also pull the school system dollars away from the center thus creating a larger gap in educational funding	3/24/2020 6:32 PM
106	Lack of planning will lead to more strip malls like Graham on the Snow Camp side. Ugly, massive road frontage, no tree buffer. If we're going to be smart, let's be smart like Cary where you can't even see the development from the road.	3/18/2020 12:57 PM
107	Durham always said that we had to recruit business and jobs to widen the tax base BUT personal property taxes NEVER go down so this must be a ruse? Admin grows and bloats and we suffer from overcrowding and poor services.	3/18/2020 7:19 AM
108	Please stop bringing housing developments, and strip malls further outside the city limits. People who live in Rural Alamance County chose to live there for a reason.	3/12/2020 10:30 AM

## Q19 What else would you like us to know?

Answered: 244 Skipped: 826

#	RESPONSES	DATE
1	Pleeeeeeease don't let the mine happen	6/2/2020 7:51 PM
2	I don't feel represented or listened to by my city government I don't believe I am the only one I know many residents who are disenfranchised & their appeals ignored What will you do about it ? For us?	5/31/2020 10:18 AM
3	virginia gail miller 225 woodlawn drive mebane, nc 27302 I am interested in serving in some capacity in decisions for Mebane	5/29/2020 1:41 PM
4	East Burlington has been ignored for long enough; there are plenty of empty properties to move new businesses into. I do NOT want a mine here in Snow Camp where I live. Can we stop spending money on new, fancy signs and maybe get the police dept some more help? An effort should be made in city/county landscaping to use native plants, trees, and flowers to help our bee and bird populations. More natural areas like this would mean less herbicides being sprayed and running off into our groundwater, as well.	5/28/2020 6:38 PM
5	People need the ability to get about by means other than car. It is not safe to do so in many areas. While progress is being made, I'd like to make sure it continues at great speed.	5/28/2020 8:17 AM
6	I love it here and I appreciate you all working to help keep this part of NC the perfect balance of history and progress.	5/28/2020 7:24 AM
7	I really do not like all the apartments that have been allowed to be built throughout the county. That is the reason for such a population increase. I do not feel the people living in the apartments have the same values as my family.	5/27/2020 11:58 PM
8	Save the farms	5/27/2020 10:42 AM
9	There are too many new apartment complexes being built leaving the older ones to get rundown. STOP the nonsense of riparian borders on individual homeowners in neighborhoods. Do NOT raise taxes anymore. Seniors cannot afford to live here if their taxes continue to grown.	5/27/2020 8:22 AM
10	Too many apartments have been and are being built. The schools and infrastructure are already too overcrowded to handle them. We already need additional elementary, middle and high schools but we aren't getting them!	5/27/2020 8:12 AM
11	We need sidewalks in Saxapahaw on Church Street and Moore's Chapel Cemetery Road and less 18 wheel truck traffic on these same roads. We need water and sewer provision for these areas as well. We are grateful for the parks in Saxapahaw.	5/27/2020 7:12 AM
12	The quarry is a SNEAKY DIRTY DEAL.	5/27/2020 12:38 AM
13	Please don't turn our county into s concrete city. As we develop incorporate the wisdom of natural spaces, native plantings and natural means to maintain our health.	5/26/2020 7:53 PM
14	There are way to many condos, they are everywhere. There is no need for them. Like I-40 and Hwy 54. It is just adding to the traffic problem already plaguing that area.	5/26/2020 3:16 PM
15	A few people in Snow Camp tried our darndest to get some type of land use restrictions put into place about 20-30 years ago that would have prevented this mine but we were shot down by a landowning county commissioner who said no one was going to tell him what to do with his land.	5/26/2020 1:24 PM
16	I believe that increased residential development is inevitable in this county, because of its location in between the Triad and Triangle. We can look at Chatham County to see what this county will look like in 20 years. Alamance County has the potential to be a very desirable place to live, because of its rural character, and open spaces. There is room for quality residential development. It is imperative to have zoning and land use plans. The lack of zoning is like having streets with no traffic signals. County government should protect the citizens of this county from heavy industrial development that would seriously impact their health and quality of life, such as the proposed stone quarry in Snow Camp.	5/25/2020 10:46 AM
17	Thank you for investing and realizing in the Greenway between Elon and Burlington. Please extend it to Gibsonville.	5/24/2020 9:32 PM
18	Please learn from what has happened in Orange County to the east (too many limits on growth financially pushing out regular folks) and Greensboro to the west (too much sprawl into rural areas). Alamance County has the right kind of balance and needs to keep it that way.	5/21/2020 10:20 PM

19	At the rate we are going, there will be no farmland left in another 30 years if something isn't done to protect it.	5/21/2020 9:46 PM
20	I like to be able to walk to interesting places from where I live in historic Mebane	5/21/2020 8:36 PM
21	You should look into private roads & lesser dirt roads that need to be fixed. Some are failed "subdivisions" from the 90's that now have plenty of homes on them. Making them state maintained roads would increase property value & make it easier on emergency services.	5/21/2020 7:44 PM
22	we need zoning	5/21/2020 7:35 PM
23	Low density development has contributed to NC being rated as the second most threatened states <a href="https://storage.googleapis.com/csp-fut.appspot.com/reports/spatial/North_Carolina_spatial.pdf">https://storage.googleapis.com/csp-fut.appspot.com/reports/spatial/North_Carolina_spatial.pdf</a>	5/21/2020 5:47 PM
24	I grew up in the Triangle, my husband grew up in the Triad. We love Alamance County because it's so peaceful and beautiful in the rural areas while still being in close proximity to the big cities. We want to see the county thrive, but we don't want it to lose all of the natural beauty that we love.	5/21/2020 10:30 AM
25	More parks and running trails that are longer than a few miles	5/21/2020 8:36 AM
26	Love what is happening with more sidewalks, the Greenway, arboretum, bringing more businesses downtown (especially restaurants). I would love to see more of all of the above and more hiking trails!	5/21/2020 8:18 AM
27	The growth you have allowed especially the apartments that are going up across from the fire station in the Mackintosh neighborhood is unacceptable. This area should be large lot subdivisions, in fact Mackintosh is too crowded and close we need more space between homes.	5/21/2020 7:45 AM
28	No Snow Camp Mine!!!!!!	5/21/2020 6:46 AM
29	You can do more to improve schools. With educators that care about children's growth and not military style tactics to control children. With bs social media and campaign slogans pretending four children are cared for.	5/21/2020 12:18 AM
30	Alamance is a beautiful County but there is a NEED for things for our children that do not involve alcohol. Graham seems to think that alcohol is needed everywhere, even in an arcade and at a record store.	5/20/2020 11:47 PM
31	I'll let you know when I think of it	5/20/2020 11:10 PM
32	Nothing else	5/20/2020 10:24 PM
33	Would love more public parks, playgrounds, & trails.	5/20/2020 9:37 PM
34	Tell us how to do township (?) organizing and planning for community covenants (?). Let us influence the development of our part of the county	5/20/2020 9:37 PM
35	belmont NC is a GREAT place to visit for on-scale (to Alamance County and specifically Burlington) recreation and parks developed. WOW they have got it going on and it's a small town.	5/20/2020 9:25 PM
36	I'd like to see more sidewalks in existing neighborhoods and lower speed limits in residential neighborhoods. And the playground equipments in the downtown park and near St. Mark's Church really needs some maintenance done.	5/20/2020 9:25 PM
37	Alamance County residents do not want growth. Leave us alone.	5/20/2020 7:52 PM
38	Facilities at existing parks need updating and remodeling. Specifically restrooms.	5/20/2020 7:49 PM
39	Alamance county is a great place to live. If the proper steps are taken the potential of growth is enormous here.	5/20/2020 6:49 PM
40	The approval of rapid growth subdivisions and apartment complexes aren't being met with current school capacity. Apartments also pack in 1000s of people and contribute less than their share for tax purposes to upgrade or build for additional students.	5/20/2020 6:43 PM
41	The south graham municipal park needs bathrooms updated, the Cedarock park play ground needs to be rebuilt completely, it would draw double the people of the play ground was updated	5/20/2020 6:35 PM

	to a more up to date style with swings and more slides.	
42	None	5/20/2020 6:00 PM
43	we don't need a militarized police force, but what is being done to remove the drug and trafficking problem and to tackle crime rate that has been on the increase in Alamance county	5/20/2020 4:44 PM
44	No to the Snowcamp Mine and other potential industrial development that would impact traffic, water and air quality. The natural beauty of the area should not need to be reclaimed after the fact as a brownfield site. The materials would have to be trucked a great distance and have a large carbon footprint impact. Thank you for offering the public a forum for expressing their views via this survey.	5/20/2020 4:30 PM
45	We move to the county because of its rural nature and would hate to see new draconian regulations implemented to restrict what a land owner can do with their property.	5/20/2020 3:56 PM
46	I do not want anything in Alamance County that has to do with mining or blasting of any land.	5/20/2020 2:38 PM
47	Stop building housing developments & apartments. Attract more national stores to alamance crossing and the Mebane area(i.e. Super Target)	5/20/2020 12:56 PM
48	No one part of the county should take the burden for the rest. All of the county has residents, and their welfare needs to be considered.	5/20/2020 12:49 PM
49	no snow camp mine. put in sidewalks in rural towns/ villages to encourage walking.	5/20/2020 12:39 PM
50	Preserving the natural beauty of this area will provide more long term tax revenue (residential development) for the County than short term business ventures.	5/20/2020 12:39 PM
51	No snow camp mine, preserve the woodland/farmlands etc	5/20/2020 12:36 PM
52	I'd love to look into more alternative resources; solar, wind, even water power, and provide better sport to those who want it	5/20/2020 10:54 AM
53	I am very fond of the police presence in Graham, wish other cities would pay more for this public service, so that we would not have such a shortage of officers. Keeps fool drivers in check! Thank you Graham.	5/20/2020 10:51 AM
54	right now the county could benefit from more growth. Although I like the peace and quiet I would like to pick up bread and milk without driving for a half an hour.Sidewalks are nonexistent here and postal service is marginal.	5/20/2020 10:38 AM
55	I am very concerned about all the bicycles I am seeing on Mebane sidewalks nowadays. It is dangerous! Some of the teenagers that ride these bikes have no understanding of how to share the sidewalk with walkers. Someone IS going to get hurt. Something needs to be done.	5/20/2020 10:37 AM
56	Most of the people who live out in the country do so for a reason. Please don't ruin the beautiful rural areas	5/20/2020 10:11 AM
57	PLEASE stop the mining in snow camp!! We need our well water....	5/20/2020 9:51 AM
58	We need a pool in southern alamance county!	5/20/2020 9:22 AM
59	Thanks for asking	5/20/2020 9:09 AM
60	The overbuilding of apartments puts an extreme burden into the school system and requires immediate control measures.	5/20/2020 9:01 AM
61	Hunting/shooting too close to homes should be regulated	5/20/2020 9:00 AM
62	Why can't our commissioners stop Snow Camp minding and why can't the Sheriff's Department Animal Control take A account of rabies Southern Alamance area.	5/20/2020 8:26 AM
63	Keep farmlands farming. If you're going to build, build homes, not duplexes and complexes. Apartments will bring more poverty in a currently safe community. That will drive more people out of Alamance.	5/20/2020 8:21 AM
64	There are many areas with very low-quality housing and vacant buildings falling in disrepair - rotting trailer parks and mills left to rot. Meanwhile cheap, new construction demolishes our natural areas. Focus on providing attractive, affordable housing in these blighted areas - mixed-use apartments and shops in old mill buildings, attracting businesses that want to truly invest in	5/20/2020 8:04 AM

our community - not usurp us of low-cost land and exploit our people for cheap labor. Alamance is amazing. Let's make it even better!!!

65	STOP the gravel pit mine	5/20/2020 7:59 AM
66	Please consider the needs of people with disabilities and seniors in all future planing.	5/20/2020 7:50 AM
67	None of your questions were about equality -- racial, financial, gender -- which is sadly behind the times in Alamance County. Racism is especially virulent.	5/20/2020 7:46 AM
68	I was raised in eli whitney. I dont want to see anything changed about it. Its the country and farm land. If you take that away youll loose alot of native people and there way of life and bring in more unwanted trouble that we dont need. Look at saxapahaw and how its changed to people who arent from here. There rude and disrespectful. The mill apts are outrages in price. Nobody around here can afford to live there.	5/20/2020 7:39 AM
69	The more recreational opportunities bring in younger educated people increasing tax revenue and highly educated residents. Alamance needs to catch up with Guilford and orange counties learning from their mistakes as we grow larger.	5/20/2020 7:30 AM
70	it is frustrating there are subdivisions with no access to fiberoptic broadband and we have to pay three times the prices for poor satellite internet services.	5/19/2020 7:29 PM
71	I wish you would plant trees down the center of Edgewood Ave. This area is residential and 35mph. And people love to walk the sidewalks from sunrise to sunset. However, people speed up and down Edgewood all day, everyday. It's nearly impossible to enjoy your front yard.	5/14/2020 7:20 PM
72	There are improvements that need to be made to existing communities. Saxapahaw is being used as a short cut for 18 wheel trucks. There is no sidewalk here and it is very dangerous for residents to walk. No thru truck signs need to be put up. Sidewalks need to be put in. There are some simple solutions that need to be addressed. Traffic will get worse and the big trucks need to stay on the highways. We also need a traffic light at the intersection in town near the post office as it is very dangerous there both for cars turning and pedestrians.	5/12/2020 6:00 PM
73	Overcrowded neighborhoods is. Ot the way to go. People want their own space, but have to settle for cookie cutter houses built on top of each other.	5/7/2020 7:51 AM
74	North Carolina has one of the biggest and most engaged Beekeeping groups in the country. Honeybees are vital to agriculture and our food supply chain. Destruction of forests and meadows is very detrimental and will lead to further decline in populations. Please do not contribute to the destruction of habitat and food sources of not just bees, but many other animals as well.	5/7/2020 7:08 AM
75	There really needs to be zoning regulation in non-incorporated areas of the county. Once a hodgepodge is created it won't be possible to undo it.	5/7/2020 2:14 AM
76	Stop building apartments. Thanks.	5/6/2020 2:06 PM
77	I hate that they are building on all the land along Payne Rd. We need open fields and brush for wildlife habitats.	5/6/2020 11:36 AM
78	As somebody new to Mebane it is hard to find a lot larger than 2 acres to build on. Everything is in developments with small lots and it is really taking away from the small town charm I was so excited about in Mebane	5/5/2020 10:58 PM
79	Thanks for allowing me and the general public to voice our thoughts on the future development of our county.	5/5/2020 9:37 PM
80	The board needs to be more transparent as they are OUR elected officials and are supposed to be working for the PEOPLE'S best interest. Lack of open communication makes them appear less than trustworthy and denial of the public to view a report they paid for is quite disheartening.	5/5/2020 7:23 PM
81	Don't allow developers to destroy our countryside and farmland.	5/5/2020 12:56 PM
82	When I tried to add my email address to the project website, the "Subscribe" button didn't appear to be functional. i.e. Nothing happened.	5/5/2020 9:41 AM
83	Is there a plan to build a food lion on the corner of 87 and Moores chapel cemetery rd?	5/5/2020 9:37 AM
84	There have been some wonderful beautifying efforts that have boosters moral and pride in	5/5/2020 8:49 AM

Alamance county, well done. It is important for us to preserve and honor what makes us unique while we move toward the future. We want students to want to return to Alamance county when they graduate. Educational systems must be Both valued and supported. Those teachers are leading our futures! Our county is also beautiful and the Haw has to be protected and it's use and history celebrated and highlighted. Thank you for the new parks you've added. Let's make sure we are preserving land for more and maintaining and developing the park space we have. Thank you for your work to balance all these issues. We need you thinking of our land and people, individual voters and residents, as the primary priority above tax revenue or corporate values. Small people, small businesses, local revenue. Thank you!

85	Never allow the uncontrolled growth that has occurred in Mebane again. They are ruining their ETJ areas and the people that live in them have no voice	5/5/2020 7:55 AM
86	We need to plan for all this growth. We will regret it if we don't.	5/5/2020 6:46 AM
87	I DO support Type A & B neighborhoods if they are designed and built well (ie: Coble Estates). The cheap that has been allowed on Rogers Road is absurd... cheap, unappealing, environmentally destructive, & will be in utter disrepair in 10 years. No more of this crap in Graham! And please, we do NOT need more auto supply stores, drug stores, or Mexican restaurants in Graham. I've never been a fan of more government control but yes, there is a need for basic requirements/curb appeal of all businesses in Graham.	5/5/2020 6:27 AM
88	Neighborhood safety and enforcement of law	5/4/2020 8:49 PM
89	It would be nice to have a Target store in Mebane.	5/4/2020 8:12 PM
90	Teachers are witnessing overcrowding of schools. Education system and roads must keep pace with expansion and growth.	5/4/2020 11:49 AM
91	Take in consideration the schools because that will give you more opportunity of growth and stability in the county.	5/4/2020 8:48 AM
92	Growth in manufacturing, retail, and apartment complexes/townhouse developments should be restricted to 2 miles off of I-85/40. This would increase monetary value of properties along the highway and away from it while also increasing citizen investment in maintaining the quality of life in Alamance County.	5/4/2020 8:30 AM
93	The roads in mebane to to be done	5/4/2020 4:59 AM
94	Preservation of historic buildings and homes should be a higher priority	5/3/2020 10:11 PM
95	Need more presence of law enforcement in rural areas where new developments are springing up.	5/3/2020 2:43 PM
96	Encourage the commissioners to invest back into the community thru planning!	5/3/2020 1:23 PM
97	Need more fishing spots . More attractions to alamance county. I think we can learn a thing or two from saxapahaw. I would love to see bounce park on the lake in Mebane	5/3/2020 9:35 AM
98	Please, please encourage the development or restoration of existing downtowns. There are so many unattractive spaces and roadways right now, with high traffic, lots of pollution, giant parking lots, and an absurd ratio of concrete to green (trees, plants, etc.). Reviving downtown spaces, while it has its challenges, can help to support a much wider swath of our county's communities than bringing in more/new/different chains and box stores.	5/3/2020 5:32 AM
99	We don't need more houses and apartments to be built. Alamance is losing land and becoming too commercial.	5/3/2020 5:20 AM
100	Make Form-Based Codes your BFF. Placemaking is essential for growing a vibrant economy. Ensure development is affordable and doesn't displace existing populations. Double down on the natural resources that make Alamance County worth living in. Work with the state, across municipalities, and with land owners to restore and protect the water quality of rivers, lakes, streams, riparian zones. Etc...	5/2/2020 4:40 PM
101	Growth comes at a price to those who have always called Alamance County their home. Do not change the community values that Alamance County has held dear. Family Safety and Respect for History!	5/2/2020 10:25 AM
102	More sidewalks and greenways in existing areas and subdivisions as well.	5/2/2020 9:41 AM

103	We don't need vape shops and lottery parlors.	5/2/2020 9:22 AM
104	Thank you for working to protect our rural communities and beautiful natural areas, which are an asset to our community even if their value is not a line on the balance sheet. This priority can be achieved while also encouraging thoughtful and intentional economic growth that will increase professional job opportunities, tax base growth, and as a result, improve quality of life for all.	5/2/2020 9:15 AM
105	There needs to be a balance between development and aesthetics and quality of that development. We are losing the character and charm of our county when we have so much new construction and our existing historic structures are allowed to be demolished by neglect and lack of maintenance. More enforcement of maintaining properties and less demolition just because they've let properties fall to disrepair. Either repair your property or sell it with the condition the new owner will restore the property.	5/2/2020 8:35 AM
106	We don't need any more of those huge apartment complexes.	5/2/2020 8:13 AM
107	Thank you for what you do for Alamance county. I ask for more medium income or higher low income areas of housing. I had an extremely hard time finding somewhere to live that I could afford on one income because I did not qualify for HUD but could not afford the 900-1000 plus rent on apartments/homes in the area	5/2/2020 7:59 AM
108	Re-open Main Street Burlington Help businesses update, do not spend Millions to redesign existing roads.	5/2/2020 6:19 AM
109	Frustrated that infill development is not among these options. There is plenty of space to increase density within the existing city limits particularly in East Burlington and south of Church in the City Park area. For example, Kime practically turns into a dirt road as you travel south. Let's increase the value of existing communities rather than push city limits out further. For example, there is increased economic growth and an influx of young families in the once-blighted neighborhood near the Burlington chamber offices. Why not support that with increased amenities, pocket park, etc. Rather than help developers ruin areas like Shamrock?	5/2/2020 4:58 AM
110	Keep Alamance County as rural as possible for wildlife habitat and people who prefer living the rural life. Build new schools for our overcrowded ones as was promised by the N.C. Education Lottery	5/1/2020 8:41 PM
111	Quarry Hills development is an ecological disaster. Your department has no consideration for community standards since you approve 294 houses on the former golf on lots so small you can't give it an acreage. A supposed development for seniors but you approve 2 story houses. No amenities in the neighborhood your department dropped the ball on this one and therefore had little or no credibility.	5/1/2020 7:32 PM
112	The county can't grow in the right ways as long as we have anti growth conservative county commissioners.	5/1/2020 2:01 PM

114	Leave Graham as it is	5/1/2020 12:35 PM
115	Developing better paying jobs, along with larger home lots will create better neighborhoods and a larger, wealthier tax base. Preserving areas parks for future use shows foresight for a time when that land will be extremely appreciated. Also, Mebane having a public disc golf course, like Cedarock would be nice.	4/30/2020 11:33 PM
116	I am a local Architect that has been in discussion with citizens in Southern Alamance County about alternative development options and preserving the sense of place while building a agri-tourism economy which supports the rural farm belt in Alamance County. I would be glad to be involved in any manner the county would see fit.	4/30/2020 11:05 PM
117	PLEASE!!! Note to county government (who live in the city limits and are making choices for ALL of Alamance COUNTY): Be mindful of the residents who live outside of city limits. We elected you to protect our rights, well-being, safety, and health. We are Not "City" and demand the need to enrich the cultural traditions and preserve its legacy. Don't mess with perfection.	4/30/2020 10:09 PM

120	Southern Graham is particularly bad for clear-cutting for every new development. More people makes the whole area worse, not better. Don't promote urbanization or suburbanization of our beautiful countryside. Thanks for your consideration.	4/30/2020 9:40 PM
121	Thanks for putting this survey together. I hope that our community begins talking more about ways to limit sprawl; reinvest in existing commercial sites and neighborhoods, and ways to improve the aesthetics from highways (e.g. municipalities in the Triangle, like Chapel Hill, have a lot more green spaces around roads; whereas many roads in Alamance are deforested; lacking a unified aesthetic vision for this area.) The investment in parks and natural areas is terrific. I hear many people praise the efforts made. We're very proud of these amenities and hope to continue and expand these investments. As a designer and marketer, I'm eager to contribute to discussions about how we promote our county. Contact me anytime.	4/30/2020 9:16 PM
122	I detest when developers from outside the area gobble up large tracts of land, putting 3-4 houses per acre. They build houses that are low quality, and in 10 years it will end up being a neighborhood no one wants to live in. The developer has taken the money and is long gone. They have no incentive to build quality because they don't live here. It's not their community, so what do they care? We cannot get that land back.	4/30/2020 7:52 PM

126	It made me very happy to see Mebane revitalize it's downtown, and now we have the "miracle" of Saxapahaw with the mill being rescued and redeveloped into a walkable community with the commercial, residential, and recreation/entertainment all well integrated, but lacking public transportation to get people who do not drive to Dr. or pharmacy, or other commercial outlets not present in the village.	4/30/2020 6:39 PM

136	You could easily put a greenway trail along the ares where you did sewer work on Rockport road by Edgewood. Church street needs help. The Haw river trail goes over a bridge that is not for pedestrian use. That should be fixed. Let the parks and lakes stay open for residents to enjoy instead of closing so early you cant watch the sunset (Cammack lake in particular). Make a swimming beach at on of these lakes.	4/30/2020 6:33 AM
137	Slow down the development	4/30/2020 5:38 AM
138	I recommend that Alamance county implement zoning areas for residential/commercial zones. I live next door to the area off of Quakenbush Rd adjacent to the proposed Alamance Aggregates mine. Please, NO Snow Camp mine!! Thank you!!!	4/30/2020 1:24 AM
139	I love lower Alamamce and my neighbors. We need some growth but not at any cost. Must be managed.	4/29/2020 11:57 PM

140	You missed some very viable options in question 13. We need to move people back into the downtown core. Burlington keeps moving west- people are even referring to the area as West Burlington. We need to remake the urban core back into a desirable place to live to limit the sprawl, as well as to promote One Burlington. More factory reuse projects. More high density housing in walkable areas. Bring our city back together before it splinters apart.	4/29/2020 9:45 PM
141	I work remotely for an organization based out of state.	4/29/2020 8:49 PM
142	I am discouraged by developers buying our property, no impact fees land and stripping the land to plant houses. The developers and real estate companies make pockets full of money. Our communities are left to deal with this huge impact. The traffic problems, first responders than can not get to the call, wild life and farm land ( our food )is destroyed. The historical and cultural significance is wasted. I feel your questions are important to the future of Alamance County. I applaud the Village of Alamance and ETJ for standing up against the developer. Urban development will affect not only our environment and the quality of life, but also the resources that keep us safe. Is that a community you would want to call home.	4/29/2020 7:44 PM

145	I grew up here and just moved back, I would love to see Alamance grow into a more progressive town. More green and local restaurants and less fast food and large companies.	4/29/2020 2:57 PM
146	Thanks!	4/29/2020 2:35 PM
147	I definitely feel that southern alamance is growing much to quickly and without regards to existing neighborhoods, roads or impact on the environment/wildlife. We moved to the area b/c it had a lovely country feel and now we are losing this for the so improvement to our town. I have heard government leaders say that they want to give everyone a chance to have affordable housing however its at the expense of current residents. However we are not benefiting from the high density subdivisions and poorly new built homes coming to our area. Burlington//Elon appears to be more thoughtful in decision making in regards to development while ensuring that the high quality and integrity of the neighborhoods continue.	4/29/2020 1:43 PM

152	Have we talked about free high speed internet especially in areas of poverty? I think the pandemic has shown us both the disparity in and importance of this for our students.	4/28/2020 12:25 PM
153	The work question doesn't allow me to best represent my work (even pre-covid19), which is self-employed Graphic Designer. I work from home but my work is remote, with clients in many states. Including an "other" box might help get better data. Thoughts on farming, which seemed to be a focus here, traditional farming isn't a viable option anymore. Smaller farms are succeeding and alternative methods, like hydroponics; all which don't take the land requirement as "traditional farming". I think focusing on future of food is the way to move forward. It will make those who only know one way unhappy, but they will not be around forever and things will need to progress.	4/28/2020 11:32 AM

157	Please keep Alamance County with that "family" friendly feeling of a town. We need more or bigger schools to comfortably accommodate all of our students. Do not want houses built so close to each other. We need our land, trees & nature to be a focal point for us all.	4/28/2020 9:25 AM

158	There are already many great homes in Alamance County. I would like to see the houses sold and neighborhoods renewed. Instead of building new, let's reuse what already exists. Modify, update, and reuse.	4/28/2020 9:01 AM

185	I want to see the cities stop sprawling outside of their limits, but to redevelop inside of their limits, and for the county to feel more like a county and less like a free for all with broken down signs and junkyards everywhere.	4/27/2020 1:32 PM

189	Way too much development for such a small job base. Short term thinking is going to make a long term problem worse for the roads and schools	4/21/2020 12:23 AM
190	I would honestly like to know why the leadership of this county thinks it's appropriate or even necessary to continue to allow apartments to be built, and subdivisions, and .... being rural is not a bad thing. Supporting our family farms is not a bad thing. Preventing us from going down the road of urban blight and abject demise is worth standing up for. My sincerest hope is that my kids will want to stay here or move back here once they are adults raising families. But if there's an apartment complex on every corner, and every square inch of space has been cleared to throw up shoddy housing developments, and if the pollution from the mining operation has made my well water undrinkable, why would they come back here? Will my future grandchildren even have anything worth inheriting down the line? My family has been here for more generations than I can count. But what was here for those that came before me is slipping away with every passing breath as "development" continues to ruin what we have always loved about Alamance County.	4/20/2020 5:02 PM
191	Recent planning by the City of Mebane particularly has had significant negative impact on the community. The industrial complex partnered in with Graham and Alamance Co is a mess and will only continue to erode the community of Hawfields where I live. Mebane has approved housing projects at a pace significantly outrunning the infrastructure, especially schools a s roadways. In my opinion, it is out of control but there is no stopping the local elected officials from destroying what has made Alamance county desirable. Urban sprawl must be controlled. I hope that this process will address some of this.	4/20/2020 1:46 PM

serve the county residents, that whole exercise in greed, where individuals driving the process lived in the opposite part of the county from those who would have been faced with horrific local consequences, should never happen again. I hope we're past the point of one part of our citizenry benefiting at the expense of the other, but just noting for the record that the whole NIMBY perspective is outdated. Everything we do now affects everyone, as COVID-19 has demonstrated. I hope we learn from our past mistakes and from the good decisions we have made (such as allowing the landfill to continue serving our citizenry w/o trying to turn it into a cash cow.) Saxapahaw's economic success and resurrection (based on small businesses, natural assets, and collaboration) should be a role model for other communities.

211	Alamance county is a wonderful place that has alot to offer and still protect the valuable farm land, wooded areas for hunting and wildlife while still increasing industrial growth. It needs to limit the multi-family dwellings. It would be great to see new commissioners and council members who are open minded and enthusiastic about moving our county forward.	4/16/2020 7:34 PM
212	While the new Elon Elementary School is great, it's an abomination that there are no sidewalks anywhere except for directly in front of the school. The kids used to be able to take field trips to the Fire Department, learning about a valuable public resource when the school was on-campus. Now there's a closer Elon Fire Station and the kids cannot go. Additionally an Elon U. student suffered life-long debilitating injuries near the school a couple of years back and that is directly due to a lack of County action on safe pedestrian access in that same area.	4/16/2020 5:34 PM
213	There's way too many apartment buildings, farm land is going by the way side. Also too many strip malls.	4/16/2020 7:31 AM
214	The proposed development of Sunset Drive would alter the neighborhood beyond recognition. Three story homes would create an eyesore to all of the single story ranch homes on the street. Over crowding the rural feel that has been my home for the last 23 years.	4/16/2020 12:21 AM

217	I think the county has seen enough growth in the last 20 years. If we keep it up agriculture will be eliminated and our county will not be so attractive. People want land and space and this county is making it hard to come by. Also county failS to realize that with its growth you have failed public service. There are times when NO deputy's are available for emergency calls or ambulances. Also there are more issues with your public service departments than just money.	4/15/2020 8:11 AM

There are some good but some terrible leadership issues which causes people to move on to other Jobs. If you want to know the truth start at the bottom those people are the ones that can really tell you what it's like to be the brunt of a office with a lack of leadership. There are people in supervising positions with a minimum of 5-10yr experience. Coming from prior law enforcement some of these people are promoted on relationships within the department than on the job knowledge and leadership skills. Take a look y'all to the young persons in positions and really find out what games are played in such prestigious positions in our county.

219	Sustainable growth (or status quo) is important to me as a resident. The county should strive to retain its rural/small community vibe as much as possible. So many old buildings/structures should be refurbished (high incentives) before new ground is broken elsewhere.	4/14/2020 8:09 PM
220	How to become directly involved in county planning.	4/14/2020 5:54 PM
221	Roadways have been a concern in the county for years. for instance the HWY 119 Bypass was discussed and talked about and planned for since the mid 80's. It should have BEEN BUILT not discussed for 40 years. someone is going to bitch each and every time a new road is constructed for the betterment of the entire population. City Councilmen, County commissioners and other politicians many times do not support such upgrades because they feel it will keep them from being re-elected. a bypass was planned for to alleviate traffic in downtown Graham years ago. the shop owners in Downtown didn't want to miss out on the traffic. Well people who want to go through Graham want to go through. These are not the people coming to downtown shops. Right now we need a Bypass Loop tying to the east from NC 119 to 40 east of Mebane and from 119 west to Elon and 40 .....expect lots of Bitching but its needed. I feel that this issue is brought back to the forefront of County Politics due to developments being near squeaky wheels. Zoning should have been in place prior to 2000. The same people who want Zoning Now Didn't want Zoning earlier. County Commissioners didn't support zoning because they were concerned about re-election. Zoning is needed. Topography, quality of soil ( ie suitable soils for septic systems) should dictate possibilities of subdivisions. If you want to preserve mature forests they need to be bought from the owners. That is very well someone who has managed his property well and timber on his property may be his/her retirement income. If a parcel of Land has good soils and topography that lends itself to development potential the owner should be able to take advantage of what he has worked for and paid taxes on for years. When someone owns a .80 Acre tract of land next to a farm and the farm suddenly goes from farm use to a subdivision they should realize, their .80 Acre tract of land was once part of a farm as well and someone prior did the same thing, that they now do not like.	4/14/2020 2:41 PM
222	Shopping cannot be the only recreation here. And an antiquated merry go round in an antiquated park with a senior center is not the answer. Wish i could leave my house on my bike without risking my life.	4/14/2020 11:26 AM
223	instead of rewarding landowners via taxes for poor land use practices, reward those who are good stewards and practice sustainability and/or fund conservation easements. For instance one entity wanted to pay me much less for stream conservation easement than my farming neighbors and fence me out my hiking and stewardship area. My stream is in mostly very good condition due to the constant hard work my husband and I put in to keep out the nieghbors unmanaged invasive plants.	4/10/2020 3:09 PM
224	I grew up here and am considering relocating because of the growth. Alamance County has lost most of its character. Too many apartments and not enough people who care about the long-term welfare of Alamance County.	4/10/2020 10:11 AM
225	I am a local developer and would love to be more involved. I also am very interested in doing some Tiny Home subdivisions but with a lot of open space and include houses for the disadvantaged and military and first responders.	4/4/2020 5:48 PM
226	Consider the people who already live in Alamance County before making development decisions for future residents, i.e. don't ruin what's already here to accomodate new development.	4/4/2020 4:11 PM
227	My concern is for the wildlife who are displayed from their environment due to housing and new traffic development. Which department is responsible for wildlife welfare and are they represented in these meetings?	4/4/2020 1:22 PM

234	The need for county wide zoning is way past due if the county does not get a plan in place very soon Alamance County is going to grow in to one big mess and the life still that people are moving here for is going to lost for every we are and farming committee surrounded by city's and that the way we need to stay keep industry residual close to them and out of county side.	3/24/2020 8:37 AM
235	Bring businesses to the Green Level Community! Stop sending all new projects/opportunities to just Graham, Burlington, Mebane, etc.	3/20/2020 7:56 AM
236	Please consider that we must act now to manage our growth with a sense of purpose and a vision for how we want our community to look 25, 50, 75, and 100+ years into the future. It would be unwise to encourage new business or residential growth just for the sake of growth - we are not that desperate.	3/19/2020 2:49 AM

239	No point in sidewalks if cars park over them. New housing driveways too short. There's little regard for water retaining soil, drainage and wetlands in housing developments. Towns and county need to do better job on this in allowing development and way more oversight in developers and construction. New housing becoming a blight vs enhancement.	3/17/2020 6:01 AM
