8	Lack of social safety net/ infrastructure investment Would happily pay more taxes for investment in schools, social services and infrastructure	5/24/2020 6:18 PM
9	No comprehensive zoning plan creates uncertainty; rural farmland being eaten up by cookie-cutter, expensive housing developments	5/21/2020 10:20 PM
10	No code for roosters in the etj of Burlington. Not their problem or Alamance county's problem. They are afraid the will offend someone. (Hispanics have their own rules). 70 - 80 roosters beside us in separate cages and will not do anything about it.	5/21/2020 12:49 PM
11	Road construction on my side of town is a joke. Restaurants and places to go are all shut down, or will be soon on my side of town. North Burlington used to be the good side of town. Now, it's riddled with drugs, crime, horrible schools, and kids in gangs. Such a shame.	5/21/2020 5:24 AM
12	Concerned about too much development, growing too fast without a plan or infrastructure to support more houses & people, losing our rural character. Please don't let us become like Wake, Chatham, Orange County!	5/20/2020 11:10 PM

32	Lack of broadband internet access, only access to anything is satellite services which are horrible.	5/19/2020 7:29 PM
33	Too much growth, too fast -- especially with housing! Too many apartment complexes and too many new subdivisions. All about tax base with very little consideration given to the long-term impact on what has made Alamance County such a nice place to live. Growth and change is inevitable, but it is imperative that it be somewhat controlled. Otherwise, Alamance County will be just like other larger cities -- too dense, too congested, and higher crime and decreased property value. This is a marathon -- not a sprint!! Bigger is NOT always BETTER!	5/15/2020 8:04 AM
34	Too much development	5/6/2020 9:01 PM
35	How the west side of Alamance is fixed up with trees plants, nicer stores, and restaurants and East side of Burlington is an eye sore. Needs to be equal.	5/5/2020 10:28 PM
36	Lack of tasteful and quality stores and restaurants in the town of graham. Something or some people seems to hold graham back from acquiring nice grocery stores and restaurants like Chick-fil-A as an example.	5/5/2020 8:52 PM
37	Lack of industry	5/5/2020 12:56 PM
38	Low employment in fields other than food service	5/5/2020 9:07 AM
39	Cheap houses and apartments everywhere. Cheap neighborhoods that destroy every tree.	5/5/2020 6:27 AM

43	Used to enjoy catfishing at the parks in saxapahaw and swepsonville can't do that anymore.	5/3/2020 9:35 AM
44	Lack of oversight on the sheriff's office. No fact finding on information being told by the sheriff himself.	5/3/2020 9:25 AM
45	Transplants, people who buy a small piece of property and decide their ways of living from the crumb they moved from is much better, but yet attempt to force their way of living on families who have lived here for generations, BUILD THAT QUARRY IN SNOW CAMP!!!!!!!!!!!!	5/3/2020 8:00 AM
46	Poorly considered suburban development. Density should be a primary goal to conserve farmland, greenspace, and forested areas, and maintain walkable downtown's and neighborhoods.	5/2/2020 4:40 PM
47	Too many franchise restaurant... not enough locally owned businesses	5/2/2020 9:21 AM
48	Too many apartment complexes and strip malls	5/2/2020 1:50 AM

52	Lack of money invested in our schools. They are very run down buildings with much needed renovations. Kids in a lot of our high schools don't even have a place to eat on a daily basis. Teachers in Elementary Schools are doing an amazing job but the same standards are not in place in our Middle and High Schools. Such a switch the older my children get.	5/1/2020 12:38 AM
53	Burlington's crime rate	4/30/2020 11:15 PM
54	Lack of Internet Infrastructure in the Rural Areas to Support local businesses	4/30/2020 11:05 PM
55	I'm greatly concerned about development pressure coming from surrounding counties.	4/30/2020 10:47 PM
56	-No zoning. Need Zoning. -Perceived need for growth and development.. -No control on traffic speed on rural roads.	4/30/2020 10:09 PM
57	Traffic speed on rural roads, much too fast.	4/30/2020 10:06 PM
58	This constant need for growth and development.	4/30/2020 10:05 PM

59	Clear-cutting for developments. The rape of the countryside is rampant and utterly despicable.	4/30/2020 9:40 PM
60	Don't need anymore housing developments	4/30/2020 11:37 AM
61	Growth and housing development that is out of hand	4/29/2020 7:44 PM
62	Our schools are a joke. We have been talking about a high school since my children were in elementary school 15 years ago. It...is....ridiculous.	4/29/2020 4:31 PM
63	There has been a high housing growth, i.e., new houses and apartment complexes, that we have seen a huge increase in crime and traffic. I do feel safe on my street because I know my neighbors and I've been here 23 years but I am considering moving because of the increase in traffic.	4/29/2020 4:03 PM
64	I wish to clarify the G & D option. I feel Burlington/Elon builds homes of higher quality and are thoughtful on the impact on development on existing neighborhoods whereas Graham appears to build without much consideration of home quality or impact to existing neighborhoods and wildlife. It appears its all about increasing tax base and little consideration is given to the impact on current residents. Graham appears to put more value on new residents than existing ones.	4/29/2020 1:43 PM
65	building projects that negatively impact pre-existing neighborhoods (i.e. traffic impact)	4/28/2020 7:19 PM
66	How low the taxes are. I think we a lacking in services to help our community.	4/28/2020 4:30 PM
67	-excessive housing development/apartment buildings -lack of appreciation and respect for farmland/farmers	4/28/2020 11:06 AM
68	overdevelopment of a region without school space to match	4/27/2020 8:52 PM
69	Higher taxes would provide for increased education.	4/27/2020 8:05 PM
70	Lack of rural high-speed internet.	4/27/2020 7:33 PM
71	Poor school facilities, overcrowded schools, schools need to be repaired, new schools needed because they are overcrowded	4/27/2020 7:16 PM
72	Lack of city and county restrictions. Too many stripmalls and trailor parks.	4/27/2020 6:13 PM
73	inequity within schools	4/27/2020 5:17 PM
74	No YMCA	4/27/2020 4:14 PM
75	J	4/27/2020 4:10 PM
76	Lower wages	4/27/2020 4:09 PM
77	To be clear, I do not like how much Alamance County is growing. If I wanted to live in a big city. I would move to NY! Enough with the developments, hotels, and shopping centers! Keep our small town SMALL.	4/27/2020 3:12 PM
78	The way that many residents are resistant to raising taxes/spending money to invest in the future of our county	4/27/2020 3:06 PM
79	No complaints	4/27/2020 3:03 PM
80	Lack of accountable and strategic leadership within the sheriff's department	4/27/2020 2:58 PM
81	lack of the needed funding to the public school system	4/27/2020 2:57 PM
82	Available resources for those that live in town, but no access to those living in rural areas.	4/27/2020 2:51 PM
83	lack of a comprehensive plan for development and land use	4/27/2020 10:46 AM
84	COMMISSIONERS	4/22/2020 7:42 AM
85	Funding for schools/education	4/21/2020 3:49 PM
86	Lack of gun laws - target shooting is allowed even in densely populated areas!	4/21/2020 12:00 PM
87	Way to fast of a housing boom. The schools and our infrastructure needs industry to support all these people you let move in. Please make lots bigger or encourage less large developments.	4/21/2020 12:23 AM

	Make the large developers at least pay for the infrastructure we need to support the areas they build in. This is getting crazy	
88	allowing destructive operations in rural/vulnerable areas, ie: stone mine	4/20/2020 6:45 PM
89	The fact that so many of our green spaces (privately owned land) has been turned into shopping complexes, apartment complexes, and housing developments. I can't leave my job (I work in Alamance County) for lunch and get back in time to not go over the hour I'm given. And good Lord in Heaven whatever that nonsense is that's been done in Mebane to the roads. Who thought that up? And who on earth thought it was a good idea?	4/20/2020 5:02 PM
90	Too many houses and large developments	4/19/2020 1:39 PM
91	Don't dislike anything about our county	4/19/2020 8:05 AM
92	the fact that in #6, your options are so limited, reflective of limited imagination about how the county might evolve. I work for a national nonprofit from my home and have teleworked since 2000.	4/18/2020 2:25 PM
93	Becoming saturated with apartment complexes and dense housing developments! Too much growth and development happening way too fast!!!! Officials seem more concerned/interested in increased tax base than in the long-term, negative effects that overly rapid growth often has on communities.	4/18/2020 12:38 AM
94	lack of street lights in neighborhoods	4/17/2020 10:44 PM
95	I don't like the fact our country side is being trashed with small billboards. I wish we had more jobs to replace the textile industry that once built this county. I wish companies like Boeing,BMW, KiA Harley Davidson etc was attracted to Alamance County	4/17/2020 7:53 PM
96	Growing too fast with HUGE impact of infrastructure. Builders should Pay impact fee	4/17/2020 6:08 PM
97	Good ole boy county commissioners who want approve needed spending for public safety entities, county employees and infrastructure.	4/16/2020 7:34 PM
98	To many sub-division being created in the county/ country areas	4/16/2020 3:17 PM
99	N/a	4/15/2020 10:58 PM
100	Too much growth in housing too quickly in rural areas and the constant building for businesses everywhere when we have many empty buildings around town	4/15/2020 11:41 AM
101	I'd prefer to keep our farms working and stop seeing these fly by night Windsor home neighborhoods popping up. I grew up here and sadly our small town community is falling apart because the lack of leadership that is trying to turn our county into a metropolitan area.	4/15/2020 8:11 AM
102	Affordable houses, with large yards, in safe areas difficult for young families to afford in east side of county. Cost of living and taxes gave increased noticeably in the last several years.	4/10/2020 7:44 AM
103	Lack of any kind of land development strategy	4/4/2020 3:59 PM
104	So many housing developments and apartments. It starting to take over the peacefulness of the area and all the greenery. It's starting to look like Cary. :(4/4/2020 1:22 PM
105	Poor leadership of county in getting taxes passed to pay for the school bonds.	4/4/2020 12:19 PM
106	1)The noise, traffic, and people walking/parking in the road for Saturdays in Saxapahaw. 2)The sheriff and his plans for the county to make money off concentration camps for undocumented people.	3/26/2020 4:45 PM
107	A combo of sidewalks and parks and recreation. On busy streets, such as Lacy Holt Road in Graham, I see 10+ people walking, running, and cycling a day. I wish there could be an opportunity for these people to use a trail or greenway in these areas, but a comprehensive sidewalk network would be highly beneficial as well.	3/19/2020 6:27 PM
108	County leaders are often unwilling to be proactive in solving many of the challenges faced by Alamance County citizens. For example, our public schools receive far less funding than many other counties with greater economic potential and growth.	3/19/2020 2:49 AM
109	Certain appallingly racist good old boys on our county commission, and our sheriff. They're an embarrassment that takes delight in ignorance and joy in harm. Their behavior is intentional	3/18/2020 12:57 PM

and targeted at riling up the basest of human impulses of "us (white people) vs. everyone else."
 This isn't fucking Mississippi, this is North Carolina. BE BETTER. Ugh.

110	I am dismayed that we continue to encourage large development of the warehouse/distribution kind which brings in all these 18 wheelers rather than service, professional and restaurant types.	3/18/2020 7:19 AM
111	How caught in the past people tend to be.	3/16/2020 6:01 PM
112	Current reliance on property taxes to fund the bulk of county initiatives; lack of diversity on the County Commissioners; lack of industrial and residential development oversight, especially in light of the Snow Camp mine development issues;	3/10/2020 1:03 PM

#	RESPONSES	DATE
1	virginia gail miller 225 woodlawn drive mebane, nc 27302 I am interested in serving in some capacity in decisions for Mebane	5/29/2020 1:41 PM
2	East Burlington has been ignored for long enough; there are plenty of empty properties to move new businesses into. I do NOT want a mine here in Snow Camp where I live. Can we stop spending money on new, fancy signs and maybe get the police dept some more help? An effort should be made in city/county landscaping to use native plants, trees, and flowers to help our bee and bird populations. More natural areas like this would mean less herbicides being sprayed and running off into our groundwater, as well.	5/28/2020 6:38 PM
3	People need the ability to get about by means other than car. It is not safe to do so in many areas. While progress is being made, I'd like to make sure it continues at great speed.	5/28/2020 8:17 AM
4	I love it here and I appreciate you all working to help keep this part of NC the perfect balance of history and progress.	5/28/2020 7:24 AM
5	I really do not like all the apartments that have been allowed to be built throughout the county. That is the reason for such a population increase. I do not feel the people living in the apartments have the same values as my family.	5/27/2020 11:58 PM
6	Save the farms	5/27/2020 10:42 AM
7	We need sidewalks in Saxapahaw on Church Street and Moore's Chapel Cemetery Road and less 18 wheel truck traffic on these same roads. We need water and sewer provision for these areas as well. We are grateful for the parks in Saxapahaw.	5/27/2020 7:12 AM
8	The quarry is a SNEAKY DIRTY DEAL.	5/27/2020 12:38 AM
9	Please don't turn our county into s concrete city. As we develop incorporate the wisdom of natural spaces, native plantings and natural means to maintain our health.	5/26/2020 7:53 PM
10	There are way to many condos, they are everywhere. There is no need for them. Like I-40 and Hwy 54. It is just adding to the traffic problem already plaguing that area.	5/26/2020 3:16 PM
11	A few people in Snow Camp tried our darndest to get some type of land use restrictions put into place about 20-30 years ago that would have prevented this mine but we were shot down by a landowning county commissioner who said no one was going to tell him what to do with his land.	5/26/2020 1:24 PM
12	I believe that increased residential development is inevitable in this county, because of its location in between the Triad and Triangle. We can look at Chatham County to see what this county will look like in 20 years. Alamance County has the potential to be a very desirable place to live, because of its rural character, and open spaces. There is room for quality residential development. It is imperative to have zoning and land use plans. The lack of zoning is like having streets with no traffic signals. County government should protect the citizens of this county from heavy industrial development that would seriously impact their health and quality of life, such as the proposed stone quarry in Snow Camp.	5/25/2020 10:46 AM
13	Thank you for investing and realizing in the Greenway between Elon and Burlington. Please extend it to Gibsonville.	5/24/2020 9:32 PM
14	Please learn from what has happened in Orange County to the east (too many limits on growth financially pushing out regular folks) and Greensboro to the west (too much sprawl into rural areas). Alamance County has the right kind of balance and needs to keep it that way.	5/21/2020 10:20 PM
15	At the rate we are going, there will be no farmland left in another 30 years if something isn't done to protect it.	5/21/2020 9:46 PM
16	You should look into private roads & lesser dirt roads that need to be fixed. Some are failed "subdivisions" from the 90's that now have plenty of homes on them. Making them state maintained roads would increase property value & make it easier on emergency services.	5/21/2020 7:44 PM
17	we need zoning	5/21/2020 7:35 PM
18	Low density development has contributed to NC being rated as the second most threatened states https://storage.googleapis.com/csp-fut.appspot.com/reports/spatial/North_Carolina_spatial.pdf	5/21/2020 5:47 PM

19	I grew up in the Triangle, my husband grew up in the Triad. We love Alamance County because it's so peaceful and beautiful in the rural areas while still being in close proximity to the big cities. We want to see the county thrive, but we don't want it to lose all of the natural beauty that we love.	5/21/2020 10:30 AM
20	More parks and running trails that are longer than a few miles	5/21/2020 8:36 AM
21	No Snow Camp Mine!!!!!!	5/21/2020 6:46 AM
22	I'll let you know when I think of it	5/20/2020 11:10 PM
23	Tell us how to do township (?) organizing and planning for community covenants (?). Let us influence the development of our part of the county	5/20/2020 9:37 PM
24	Alamance County residents do not want growth. Leave us alone.	5/20/2020 7:52 PM
25	Facilities at existing parks need updating and remodeling. Specifically restrooms.	5/20/2020 7:49 PM
26	Alamance county is a great place to live. If the proper steps are taken the potential of growth is enormous here.	5/20/2020 6:49 PM
27	The south graham municipal park needs bathrooms updated, the Cedarock park play ground needs to be rebuilt completely, it would draw double the people of the play ground was updated to a more up to date style with swings and more slides.	5/20/2020 6:35 PM
28	None	5/20/2020 6:00 PM
29	No to the Snowcamp Mine and other potential industrial development that would impact traffic, water and air quality. The natural beauty of the area should not need to be reclaimed after the fact as a brownfield site. The materials would have to be trucked a great distance and have a large carbon footprint impact. Thank you for offering the public a forum for expressing their views via this survey.	5/20/2020 4:30 PM
30	We move to the county because of its rural nature and would hate to see new draconian regulations implemented to restrict what a land owner can do with their property.	5/20/2020 3:56 PM
31	I do not want anything in Alamance County that has to do with mining or blasting of any land.	5/20/2020 2:38 PM
32	Stop building housing developments & apartments. Attract more national stores to alamance crossing and the Mebane area(i.e. Super Target)	5/20/2020 12:56 PM
33	No one part of the county should take the burden for the rest. All of the county has residents, and their welfare needs to be considered.	5/20/2020 12:49 PM
34	no snow camp mine. put in sidewalks in rural towns/ villages to encourage walking.	5/20/2020 12:39 PM
35	Preserving the natural beauty of this area will provide more long term tax revenue (residential development) for the County than short term business ventures.	5/20/2020 12:39 PM
36	No snow camp mine, preserve the woodland/farmlands etc	5/20/2020 12:36 PM
37	I'd love to look into more alternative resources; solar, wind, even water power, and provide better sport to those who want it	5/20/2020 10:54 AM
38	right now the county could benefit from more growth. Although I like the peace and quiet I would like to pick up bread and milk without driving for a half an hour.Sidewalks are nonexistent here and postal service is marginal.	5/20/2020 10:38 AM
39	Most of the people who live out in the country do so for a reason. Please don't ruin the beautiful rural areas	5/20/2020 10:11 AM
40	PLEASE stop the mining in snow camp!! We need our well water....	5/20/2020 9:51 AM
41	We need a pool in southern alamance county!	5/20/2020 9:22 AM
42	Thanks for asking	5/20/2020 9:09 AM
43	The overbuilding of apartments puts an extreme burden into the school system and requires immediate control measures.	5/20/2020 9:01 AM
44	Hunting/shooting too close to homes should be regulated	5/20/2020 9:00 AM

45	Why can't our commissioners stop Snow Camp minding and why can't the Sheriff's Department Animal Control take A account of rabies Southern Alamance area.	5/20/2020 8:26 AM
46	Keep farmlands farming. If you're going to build, build homes, not duplexes and complexes. Apartments will bring more poverty in a currently safe community. That will drive more people out of Alamance.	5/20/2020 8:21 AM
47	There are many areas with very low-quality housing and vacant buildings falling in disrepair - rotting trailer parks and mills left to rot. Meanwhile cheap, new construction demolishes our natural areas. Focus on providing attractive, affordable housing in these blighted areas - mixed-use apartments and shops in old mill buildings, attracting businesses that want to truly invest in our community - not usurp us of low-cost land and exploit our people for cheap labor. Alamance is amazing. Let's make it even better!!!	5/20/2020 8:04 AM
48	STOP the gravel pit mine	5/20/2020 7:59 AM
49	Please consider the needs of people with disabilities and seniors in all future planing.	5/20/2020 7:50 AM
50	None of your questions were about equality -- racial, financial, gender -- which is sadly behind the times in Alamance County. Racism is especially virulent.	5/20/2020 7:46 AM
51	The more recreational opportunities bring in younger educated people increasing tax revenue and highly educated residents. Alamance needs to catch up with Guilford and orange counties learning from their mistakes as we grow larger.	5/20/2020 7:30 AM
52	it is frustrating there are subdivisions with no access to fiberoptic broadband and we have to pay three times the prices for poor satellite internet services.	5/19/2020 7:29 PM
53	There are improvements that need to be made to existing communities. Saxapahaw is being used as a short cut for 18 wheel trucks. There is no sidewalk here and it is very dangerous for residents to walk. No thru truck signs need to be put up. Sidewalks need to be put in. There are some simple solutions that need to be addressed. Traffic will get worse and the big trucks need to stay on the highways. We also need a traffic light at the intersection in town near the post office as it is very dangerous there both for cars turning and pedestrians.	5/12/2020 6:00 PM
54	Overcrowded neighborhoods is. Ot the way to go. People want their own space, but have to settle for cookie cutter houses built on top of each other.	5/7/2020 7:51 AM
55	North Carolina has one of the biggest and most engaged Beekeeping groups in the country. Honeybees are vital to agriculture and our food supply chain. Destruction of forests and meadows is very detrimental and will lead to further decline in populations. Please do not contribute to the destruction of habitat and food sources of not just bees, but many other animals as well.	5/7/2020 7:08 AM
56	There really needs to be zoning regulation in non-incorporated areas of the county. Once a hodgepodge is created it won't be possible to undo it.	5/7/2020 2:14 AM
57	As somebody new to Mebane it is hard to find a lot larger than 2 acres to build on. Everything is in developments with small lots and it is really taking away from the small town charm I was so excited about in Mebane	5/5/2020 10:58 PM
58	The board needs to be more transparent as they are OUR elected officials and are supposed to be working for the PEOPLE'S best interest. Lack of open communication makes them appear less than trustworthy and denial of the public to view a report they paid for is quite disheartening.	5/5/2020 7:23 PM
59	Don't allow developers to destroy our countryside and farmland.	5/5/2020 12:56 PM
60	When I tried to add my email address to the project website, the "Subscribe" button didn't appear to be functional. i.e. Nothing happened.	5/5/2020 9:41 AM
61	There have been some wonderful beautifying efforts that have boosters moral and pride in Alamance county, well done. It is important for us to preserve and honor what makes us unique while we move toward the future. We want students to want to return to Alamance county when they graduate. Educational systems must be Both valued and supported. Those teachers are leading our futures! Our county is also beautiful and the Haw has to be protected and it's use and history celebrated and highlighted. Thank you for the new parks you've added. Let's make sure we are preserving land for more and maintaining and developing the park space we have. Thank you for your work to balance all these issues. We need you thinking of our land and	5/5/2020 8:49 AM

people, individual voters and residents, as the primary priority above tax revenue or corporate values. Small people, small businesses, local revenue. Thank you!

62	Never allow the uncontrolled growth that has occurred in Mebane again. They are ruining their ETJ areas and the people that live in them have no voice	5/5/2020 7:55 AM
63	We need to plan for all this growth. We will regret it if we don't.	5/5/2020 6:46 AM
64	I DO support Type A & B neighborhoods if they are designed and built well (ie: Coble Estates). The cheap that has been allowed on Rogers Road is absurd... cheap, unappealing, environmentally destructive, & will be in utter disrepair in 10 years. No more of this crap in Graham! And please, we do NOT need more auto supply stores, drug stores, or Mexican restaurants in Graham. I've never been a fan of more government control but yes, there is a need for basic requirements/curb appeal of all businesses in Graham.	5/5/2020 6:27 AM
65	It would be nice to have a Target store in Mebane.	5/4/2020 8:12 PM
66	Take in consideration the schools because that will give you more opportunity of growth and stability in the county.	5/4/2020 8:48 AM
67	Growth in manufacturing, retail, and apartment complexes/townhouse developments should be restricted to 2 miles off of I-85/40. This would increase monetary value of properties along the highway and away from it while also increasing citizen investment in maintaining the quality of life in Alamance County.	5/4/2020 8:30 AM
68	Need more presence of law enforcement in rural areas where new developments are springing up.	5/3/2020 2:43 PM
69	Encourage the commissioners to invest back into the community thru planning!	5/3/2020 1:23 PM
70	Need more fishing spots . More attractions to alamance county. I think we can learn a thing or two from saxapahaw. I would love to see bounce park on the lake in Mebane	5/3/2020 9:35 AM
71	We don't need more houses and apartments to be built. Alamance is losing land and becoming too commercial.	5/3/2020 5:20 AM
72	Make Form-Based Codes your BFF. Placemaking is essential for growing a vibrant economy. Ensure development is affordable and doesn't displace existing populations. Double down on the natural resources that make Alamance County worth living in. Work with the state, across municipalities, and with land owners to restore and protect the water quality of rivers, lakes, streams, riparian zones. Etc...	5/2/2020 4:40 PM
73	Growth comes at a price to those who have always called Alamance County their home. Do not change the community values that Alamance County has held dear. Family Safety and Respect for History!	5/2/2020 10:25 AM
74	Thank you for working to protect our rural communities and beautiful natural areas, which are an asset to our community even if their value is not a line on the balance sheet. This priority can be achieved while also encouraging thoughtful and intentional economic growth that will increase professional job opportunities, tax base growth, and as a result, improve quality of life for all.	5/2/2020 9:15 AM
75	Re-open Main Street Burlington Help businesses update, do not spend Millions to redesign existing roads.	5/2/2020 6:19 AM
76	Keep Alamance County as rural as possible for wildlife habitat and people who prefer living the rural life. Build new schools for our overcrowded ones as was promised by the N.C. Education Lottery	5/1/2020 8:41 PM
77	The county can't grow in the right ways as long as we have anti growth conservative county commissioners.	5/1/2020 2:01 PM
78	Leave Graham as it is	5/1/2020 12:35 PM
79	I am a local Architect that has been in discussion with citizens in Southern Alamance County about alternative development options and preserving the sense of place while building a agritourism economy which supports the rural farm belt in Alamance County. I would be glad to be involved in any manner the county would see fit.	4/30/2020 11:05 PM
80	PLEASE!!! Note to county government (who live in the city limits and are making choices for	4/30/2020 10:09 PM

ALL of Alamance COUNTY): Be mindful of the residents who live outside of city limits. We elected you to protect our rights, well-being, safety, and health. We are Not "City" and demand the need to enrich the cultural traditions and preserve its legacy. Don't mess with perfection.

81	Do not change the character of an area. Keep rural area as is. People move out of cities to rural areas because they choose to do so.	4/30/2020 10:06 PM
82	With growth comes problems to quality of life in regards to farmland, natural resources, health, and safety. We need controlled growth to protect these concerns.	4/30/2020 10:05 PM
83	Southern Graham is particularly bad for clear-cutting for every new development. More people makes the whole area worse, not better. Don't promote urbanization or suburbanization of our beautiful countryside. Thanks for your consideration.	4/30/2020 9:40 PM
84	I detest when developers from outside the area gobble up large tracts of land, putting 3-4 houses per acre. They build houses that are low quality, and in 10 years it will end up being a neighborhood no one wants to live in. The developer has taken the money and is long gone. They have no incentive to build quality because they don't live here. It's not their community, so what do they care? We cannot get that land back.	4/30/2020 7:52 PM
85	Stop raping the land to build subdivisions. Have contractors refurbish empty existing homes.	4/30/2020 7:47 PM
86	I know it's difficult but let's do what we can to prevent explosive growth. Once we get crowded we can't go back...	4/30/2020 7:00 PM
87	It made me very happy to see Mebane revitalize it's downtown, and now we have the "miracle" of Saxapahaw with the mill being rescued and redeveloped into a walkable community with the commercial, residential, and recreation/entertainment all well integrated, but lacking public transportation to get people who do not drive to Dr. or pharmacy, or other commercial outlets not present in the village.	4/30/2020 6:39 PM
88	We need internet in rural areas like the dead zones in the North Central part of alamance county.	4/30/2020 12:57 PM
89	Work on building up our Emergency Services such as EMS rescue fire departments Police Department there is a growing need for EMS and Rescue more than ever	4/30/2020 11:58 AM
90	Keep businesses in the city limits if possible keep farm land for farming hunting etc get alamance a gameland a place to hunt leave the wet lands alone were drying up thanks	4/30/2020 11:37 AM
91	Investing in education to create a qualified workforce and protecting the flora and fauna of Alamance County are my two most important priorities.	4/30/2020 7:44 AM
92	Slow down the development	4/30/2020 5:38 AM
93	I recommend that Alamance county implement zoning areas for residential/commercial zones. I live next door to the area off of Quakenbush Rd adjacent to the proposed Alamance Aggregates mine. Please, NO Snow Camp mine!! Thank you!!!	4/30/2020 1:24 AM
94	I love lower Alamance and my neighbors. We need some growth but not at any cost. Must be managed.	4/29/2020 11:57 PM
95	I am discouraged by developers buying our property, no impact fees land and stripping the land to plant houses. The developers and real estate companies make pockets full of money. Our communities are left to deal with this huge impact. The traffic problems, first responders than can not get to the call, wild life and farm land (our food)is destroyed. The historical and cultural significance is wasted. I feel your questions are important to the future of Alamance County. I applaud the Village of Alamance and ETJ for standing up against the developer. Urban development will affect not only our environment and the quality of life, but also the resources that keep us safe. Is that a community you would want to call home.	4/29/2020 7:44 PM
96	Police substation in rural areas for faster protection! ♥	4/29/2020 4:23 PM
97	Thanks!	4/29/2020 2:35 PM
98	I definitely feel that southern alamance is growing much to quickly and without regards to existing neighborhoods, roads or impact on the environment/wildlife. We moved to the area b/c it had a lovely country feel and now we are losing this for the so improvement to our town. I have heard government leaders say that they want to give everyone a chance to have affordable housing however its at the expense of current residents. However we are not	4/29/2020 1:43 PM

benefiting from the high density subdivisions and poorly new built homes coming to our area. Burlington//Elon appears to be more thoughtful in decision making in regards to development while ensuring that the high quality and integrity of the neighborhoods continue.

99	Thank you for asking for feedback	4/28/2020 8:58 PM
100	It takes industry for jobs and growth.	4/28/2020 9:29 AM
101	There are already many great homes in Alamance County. I would like to see the houses sold and neighborhoods renewed. Instead of building new, let's reuse what already exists. Modify, update, and reuse.	4/28/2020 9:01 AM
102	Slow down population growth. Our quality of life continues to diminish. I have seen a huge decline in my lifetime.	4/28/2020 6:09 AM
103	We need to encourage local gardening projects (inform others how to feed themselves). We also need to encourage ways to get younger people and smaller stores into the downtown Burlington area.	4/27/2020 8:52 PM
104	stop all apartments, transients do not have any skin in the game, when you don't own property you don't care about the community.	4/27/2020 7:04 PM
105	Concerned about the growth and the overcrowding of schools and quality of school structure as many schools in the county are aging.	4/27/2020 4:59 PM
106	It would be nice to have something like a YMCA for the residents that currently live here as opposed to building new neighborhoods with amenities.	4/27/2020 4:14 PM
107	School Board meetings	4/27/2020 3:22 PM
108	Alamance county is growing much too fast. It's such a lovely area with a small town feel. We don't need to be like Greensboro or Raleigh. More people equal more problems.	4/27/2020 3:04 PM
109	None	4/27/2020 3:00 PM
110	Nothin	4/27/2020 2:59 PM
111	I want to see the cities stop sprawling outside of their limits, but to redevelop inside of their limits, and for the county to feel more like a county and less like a free for all with broken down signs and junkyards everywhere.	4/27/2020 1:32 PM
112	EDUCATION AND SCHOOLS SHOULD BE A PRIORITY AND DO NOT ALLOW CONSTRUCTION TO OUTGROW OUR INFRASTRUCTURE AND IT IS OK TO SAY NO TO OR DELAY NEW CONSTRUCTION AND FILLING VACANCIES AT MALLS AND STRIP STORES SHOULD BE PRIORITY BEFORE NEW CONSTRUCTION	4/22/2020 7:42 AM
113	It is time to develop a County wide land use plan that priorities strategic growth. Please do not waste resources by creating different plans for different areas of the county. Forget politics and do the right thing!	4/21/2020 10:15 PM
114	I am a Realtor. Growth is inevitable, but it MUST be managed. We can no longer continue as we have or we will lose all the best qualities of our county. Better schools, infrastructure, and PLANNING	4/21/2020 9:15 AM
115	Way too much development for such a small job base. Short term thinking is going to make a long term problem worse for the roads and schools	4/21/2020 12:23 AM
116	I would honestly like to know why the leadership of this county thinks it's appropriate or even necessary to continue to allow apartments to be built, and subdivisions, and being rural is not a bad thing. Supporting our family farms is not a bad thing. Preventing us from going down the road of urban blight and abject demise is worth standing up for. My sincerest hope is that my kids will want to stay here or move back here once they are adults raising families. But if there's an apartment complex on every corner, and every square inch of space has been cleared to throw up shoddy housing developments, and if the pollution from the mining operation has made my well water undrinkable, why would they come back here? Will my future grandchildren even have anything worth inheriting down the line? My family has been here for more generations than I can count. But what was here for those that came before me is slipping away with every passing breath as "development" continues to ruin what we have always loved about Alamance County.	4/20/2020 5:02 PM

117	Recent planning by the City of Mebane particularly has had significant negative impact on the community. The industrial complex partnered in with Graham and Alamance Co is a mess and will only continue to erode the community of Hawfields where I live. Mebane has approved housing projects at a pace significantly outrunning the infrastructure, especially schools a s roadways. In my opinion, it is out of control but there is no stopping the local elected officials from destroying what has made Alamance county desirable. Urban sprawl must be controlled. I hope that this process will address some of this.	4/20/2020 1:46 PM
118	Stop approving subdivisions and apartments	4/19/2020 10:14 PM
119	Too much traffic with all the new apartments etc	4/19/2020 7:32 PM
120	Preserve this county's agricultural land and stop the development and stress on the farmer	4/19/2020 6:25 PM
121	More trails for horse riding	4/19/2020 4:17 PM
122	I think the county should help local farmers more and help bring more farms and help coming up farmers in the near future.	4/19/2020 2:33 PM
123	Appreciate that you are asking for feedback! Awesome!	4/19/2020 2:31 PM
124	Big companies should stay in the city Limits add big companies to Alamance county ,not people and developments we have enough people Etc already. Leave the farm land, wet areas and streams alone!!	4/19/2020 1:39 PM
125	I am among those who fought against the privatization and expansion of the Austin Quarter Landfill more than a decade ago. While landfills and other similar facilities are necessary to serve the county residents, that whole exercise in greed, where individuals driving the process lived in the opposite part of the county from those who would have been faced with horrific local consequences, should never happen again. I hope we're past the point of one part of our citizenry benefiting at the expense of the other, but just noting for the record that the whole NIMBY perspective is outdated. Everything we do now affects everyone, as COVID-19 has demonstrated. I hope we learn from our past mistakes and from the good decisions we have made (such as allowing the landfill to continue serving our citizenry w/o trying to turn it into a cash cow.) Saxapahaw's economic success and resurrection (based on small businesses, natural assets, and collaboration) should be a role model for other communities.	4/18/2020 2:25 PM
126	I love Alamance County!	4/18/2020 12:03 PM
127	I am very displeased with the location of the new high school. Literally in our back yard! We want to know what will be done about privacy, noise, security, traffic, integrity of our little neighborhood. Will there be privacy fencing installed? What is going to be done to address some of these concerns??	4/18/2020 11:10 AM
128	"Growth" of Alamance County has destroyed the small town home feel it once had. Stop taking away farms and land for progress because you're killing our livelihood.	4/18/2020 7:55 AM
129	Protect Alamance County farmland and limit commercial and residential development! Large 1.5+ acre plus lots, not subdivisions!	4/17/2020 8:31 PM
130	Bring Alamance County a inviting place. Such as BMW Harley Davidson Boeing etc. Nothing wrong with diversity. Ban all small and large Billboards in rural parts of the County	4/17/2020 7:53 PM
131	Too many apartments!!!! Not enough good, quality built homes, education system broken	4/17/2020 12:07 AM
132	I think that natural areas Like wetlands and forest are very important and we should do everything that we can to preserve them.	4/16/2020 11:11 PM
133	I live in the ETJ of Gibsonville, on the Alamance side.	4/16/2020 9:49 PM
134	Alamance county is a wonderful place that has alot to offer and still protect the valuable farm land, wooded areas for hunting and wildlife while still increasing industrial growth. It needs to limit the multi-family dwellings. It would be great to see new commissioners and council members who are open minded and enthusiastic about moving our county forward.	4/16/2020 7:34 PM
135	KEEP RURAL AREAS RURAL! KEEP THE CRIME, NOISE, TRAFFIC, AND PEOPLE OUT OF COUNTRY LIVING!!	4/15/2020 6:16 PM
136	we have only so much land...use it wisely...plan for the future not today...	4/15/2020 5:10 PM
137	I think the county has seen enough growth in the last 20 years. If we keep it up agriculture will	4/15/2020 8:11 AM

be eliminated and our county will not be so attractive. People want land and space and this county is making it hard to come by. Also county fails to realize that with its growth you have failed public service. There are times when NO deputy's are available for emergency calls or ambulances. Also there are more issues with your public service departments than just money. There are some good but some terrible leadership issues which causes people to move on to other Jobs. If you want to know the truth start at the bottom those people are the ones that can really tell you what it's like to be the brunt of a office with a lack of leadership. There are people in supervising positions with a minimum of 5-10yr experience. Coming from prior law enforcement some of these people are promoted on relationships within the department than on the job knowledge and leadership skills. Take a look y'all to the young persons in positions and really find out what games are played in such prestigious positions in our county.

138	New asphalt on main roads instead of all the side roads. (ie) Hwy 87 south to the court house , Harden Street .	4/14/2020 11:39 PM
139	Sustainable growth (or status quo) is important to me as a resident. The county should strive to retain its rural/small community vibe as much as possible. So many old buildings/structures should be refurbished (high incentives) before new ground is broken elsewhere.	4/14/2020 8:09 PM
140	instead of rewarding landowners via taxes for poor land use practices, reward those who are good stewards and practice sustainability and/or fund conservation easements. For instance one entity wanted to pay me much less for stream conservation easement than my farming neighbors and fence me out my hiking and stewardship area. My stream is in mostly very good condition due to the constant hard work my husband and I put in to keep out the nieghbors unmanaged invasive plants.	4/10/2020 3:09 PM
141	I grew up here and am considering relocating because of the growth. Alamance County has lost most of its character. Too many apartments and not enough people who care about the long-term welfare of Alamance County.	4/10/2020 10:11 AM
142	Consider the people who already live in Alamance County before making development decisions for future residents, i.e. don't ruin what's already here to accomodate new development.	4/4/2020 4:11 PM
143	My concern is for the wildlife who are displayed from their environment due to housing and new traffic development. Which department is responsible for wildlife welfare and are they represented in these meetings?	4/4/2020 1:22 PM
144	n/a	3/24/2020 6:34 PM
145	The need for county wide zoning is way past due if the county does not get a plan in place very soon Alamance County is going to grow in to one big mess and the life still that people are moving here for is going to lost for every we are and farming committee surrounded by city's and that the way we need to stay keep industry residual close to them and out of county side.	3/24/2020 8:37 AM
146	Bring businesses to the Green Level Community! Stop sending all new projects/opportunities to just Graham, Burlington, Mebane, etc.	3/20/2020 7:56 AM
147	Please consider that we must act now to manage our growth with a sense of purpose and a vision for how we want our community to look 25, 50, 75, and 100+ years into the future. It would be unwise to encourage new business or residential growth just for the sake of growth - we are not that desperate.	3/19/2020 2:49 AM
148	Thank you for the survey. I tried to be complete, sorry if some answers seem angry -- I'm just really disappointed in some of our County Commissioners and our Sheriff.	3/18/2020 12:57 PM
149	Thank you for inviting public input!	3/18/2020 1:23 AM
150	Keep pushing the county into the next century so our kids will come back and bring back their education and experience.	3/16/2020 6:01 PM
151	I live in the ETJ of Gibsonville, on the Alamance Co side. I'd like to see a focus on AFFORDABLE housing.	3/11/2020 12:41 PM
152	I think that Alamance County has many natural areas that should be preserved to keep the rural/suburban nature of the County and also used for recreational opportunities for County residents; low property taxes are essential for County residents (especially considering the high property tax rates in adjoining NC counties;	3/10/2020 1:03 PM
